

Open meetings within Ulster

Many thousands of alcoholics who found sobriety in AA, were first put in contact with AA by a non-alcoholic third party, be it a concerned Family member, Friend, or professional such as Doctor, Policeman, Social Worker etc. These 'good friends' of AA knew AA existed, where it could be found and what help AA offered to the problem drinker.

Come along to find out more about AA and how to help the still-suffering alcoholic.
